And it gives me a chance to tell you that Ind, NPI, None and Ind Rates are all terms for Independents here in Wales (and yes, that does mean that in a number of wards you have Ind vs Ind vs Ind vs Ind vs Ind). I just label them as those in order to give my poor computer a chance when working out % shares.

* Yes, I lost (and soundly). The last time a Lib Dem stood here was in 2004 (when they managed to insult the

local nursing home when a letter questioning the merits of the residents to vote was leaked to the press) and in that election they polled 23% so I can only assume that I too was hit by the same force that managed to knock out three Lib Dem councillors in the county
